Recruitment FAQ's

1. Why do I need to complete my application online?

Having an electronic application system ensures that your details and application is securely stored in an environmentally friendly way.

2. Is it possible to complete a paper application form or to hand my CV directly to an employee at a SUEZ location in the UK?

We no longer accept paper applications for the vacancies that are advertised online. All applications must be made via our website at www.suez.co.uk.

3. I am not available for interview on the date advertised, should I still apply?

We advertise the interview dates so candidates have an indication of the expected date that they will need to be available. Whilst we commit to holding all interviews on the date advertised, there can be some flexibility as we appreciate not everyone can take the allotted time off.

4. What format is best to upload my CV in?

We would recommend uploading your CV in a pdf format for readability ease. If you experience any trouble uploading your CV, please contact the resourcing team on 01934 524070 or careers.uk@suez.com.

5. How can I be sure that my application has been received?

Once you have completed and submitted your application, you will receive an automated email confirming it has been received.

If you have been successful in reaching the next stage of the process, we will contact you within three to five working days of the vacancy closing.
